

# Quality Policy

KONGSBERG

*Kongsberg Maritime's goal is to maximize Customer value and performance.*

KM is a customer focused organization with a worldwide performance culture that works with demanding customers with heightened expectations

We achieve this through:

- **Priority!** We apply a risk-based approach when setting our priorities.
- **Leadership!** Our managers are Quality Assurance Responsible providing quality solutions, products, and services. We set ambitious objectives and maintain necessary certifications.
- **Collaboration!** We systematically communicate quality issues and performance while collaborating to improve based on best practices and lessons learned.
- **Quality Culture!** All our employees demand and deliver quality contributing to continuous improvement throughout the value chain.
- **Commitment!** We understand our Customers' needs and provide quality solutions, products, and services. We comply with customer requirements as well as all applicable statutory and regulatory requirements.
- **Stop-Work!** All our employees and contractors have stop-work authority and a duty to initiate it when work conditions are unsafe or quality is compromised.
- **Competence!** We provide training and have established systems in place to ensure all employees gain the knowledge to achieve the standards required.

Kongsberg, June 13<sup>th</sup>, 2017
