

KONSGBERG

## Marking Instructions – Kongsberg Maritime AS

We ask that all deliveries to Kongsberg Maritime AS is marked with the following requested procedures and examples.

- The label should be clearly and visibly marked on each item. Without covering any other information on the packaging.
- Additional hardware marking on item itself is much appreciated on selected articles.
- Items are to be packed with markings upwards, for easy access of labels.
- Serial no. needs barcode for scanning of type 128 Auto.
- A serial no. list as a complementary to the packing list as a second possibility for scanning.
- Serial no. must be separate from other product info numbers on the label.
- Label must contain a reference to KM purchase number and KM item number. Option to include supplier's sales order or item number on label.
